Automated and fast software: Decompiler, OneClick to install. External links Autoit Website Category:Free application software Category:Windows-only software Category:Scripting languages2 arrested for questioning rape victim's attire Kolkata, March 2 (IANS) The police have arrested two youths for posting an obscene comment against an alleged rape victim on a Facebook page. The arrest came Tuesday night when the Cyber Cell of the South Salt Lake police took cognizance of the comment posted by the two youths. According to the police, the comment would be seen as an insult to the woman, who is so traumatised that she has been confined to her house since the incident. "The accused (abductors) abused the victim verbally, and then assaulted her and tried to molest her. Later, they took a video of the act. On March 1, they published the video, to which the victim complained. The text is being scrutinised," Subimal Bhattacharya, station house officer (SHO) of the cyber cell, said. "When we received the complaint, we launched an immediate investigation. We also received the video in which the accused insult the victim. After scrutinising it, we moved two of the accused to the police lock-up, and the other two to the youth welfare centre," Bhattacharya added. The accused are student of a local degree college. They were charged for the offence under the IT act. The team is led by Chief Executive Officer, Steve Delaney, who has over 18 years experience in the field of IT. Delaney has supported IT teams and operations at all levels of an organisation, achieving substantial cost savings and building internal processes and procedures. Mr. Delaney has supported large, medium and small businesses by providing consultancy, advocacy and implementation support. Steve Delaney has also served on a number of Industry Expert Committees, Government Advisory panels and industry associations to ensure he is an expert source of information on the
