
Gran Turismo 2 Pc Free Download Full Version

Gran Turismo 2 is the second game in the Gran Turismo series of racing games exclusively for PlayStation. The racing game includes 20 or more tracks. The second part of Gran Turismo is a Formula 1 racing simulator developed by Polyphony Digital. The game was released on November 6, 2000 in Europe, and on November 8 in Japan and North America. Unlike the previous game, Gran Turismo 2 was a continuation of the first part of the series, and not its backstory. In 2002, together with Sony Computer Entertainment, an official port of the game for the computer was released. In 2006, a special expanded edition was released for the PlayStation 2 platform.
