is an episodic stage third-person shooter video game. Created by Naughty Dog and Amy Hennig, this action-adventure video game was inspired by . The game became one of the most original video games of the era before the Nintendo DS and Microsoft Windows released by Waitjer. The player controls a character called Eve, who can communicate with other characters in the game using gestures, body movements, and sounds. The gameplay is similar to the "Club Nemesis" quest. Yves needs to destroy five gates, which is done by a team of eight players, while scattering opponents like puppets and fighting them all the time. The goal of the game is to destroy as many enemies as possible, while Eve must avoid three types of attacks that can kill him. Players can change the set of attacks in order to make them more effective. During the game, Eve can use three types of weapons: feather (one attack), knife (two attacks) and fists (three attacks). At the start of the game, Eve has ten health points, and his enemies have 100,000. Eve is in the game world, where he wanders through the dungeons, carrying various items on his back. Every thing in its path, Eve must protect. His enemies can attack him, but they cannot fight him and attack him. Their attack deals no damage and they cannot kill Yves. Enemies can also buy additional items and use them against Yves. Game stones stored in dungeons bring additional items to the battlefield. They are very useful in deflecting enemy attacks, and can also be used to distract Yves when his opponents take a good aim. To win, Yves must destroy all enemies with weapons, which will give him a gradually increasing supply of money. After each victory for a while in the enemy city, Eve gains new abilities to defeat the enemies again. In this game, the character Taya appears for the first time, who became the companion of Yves in the cities. She is also a game genius. Since she is the genius of the game, players can play as her through the console. At the same time, like in the original game, her job is to help Yves with travels and surprises; she gives him advice in the future or works to protect Iva. The goal of the game is to reach the treasure. To do this, you need to go through all the levels and win. Eve eventually reaches the treasure room. At this
