I am working with Xamarin Forms in Android I am adding a Log in an if condition as if (0 == 1) { Log.Error("error", "Error 1"); IsBusy = false; } But this is not getting in Logcat at all. How should I get my Log error please help. A: Add this below code in MainActivity or any other activity where you want to want to view error Show.Toast(AppResource.GetString(R.string.ServiceError)); Where AppResource class is a Class. public class AppResource { public static string GetString(string key) { return ""; } } Here is the link for the reference Xamarin.Android Log.Error Please Note: This will not able to detect the exception. so far. You can see many books that I have written and all the ones that I intend to write. At the moment, I have released about 12 books. My books aren't really religious books. In fact, I use my story telling ability to highlight the fact that we all have a soul that is unique unto ourselves, and that we have the opportunity to live
