AutoCAD With Keygen Free Download

The program quickly grew in popularity, becoming the standard CAD application for architects and other professionals. In 2002, AutoCAD Serial Key won the Programmers' Choice Award, "for outstanding software development". AutoCAD LT is a low-cost, limited-function (non-commercial) version of AutoCAD. It is designed to run on a limited number of computers such as early PCs and tablet PCs. It is the successor to DWG Machine, a shareware version of AutoCAD. Use in non-professional contexts AutoCAD and AutoCAD LT are not designed for use in non-professional contexts. For example, the software is not designed for use by the general public. Instead, AutoCAD is targeted at architects and other designers, engineers, drafters, manufacturers, and educators. AutoCAD is primarily sold directly to individuals. General availability AutoCAD and AutoCAD LT are generally available as a purchase option. The software can be downloaded directly from Autodesk or, in some cases, from third parties. AutoCAD is distributed by Autodesk, which also markets the related professional AutoCAD 360 cloud-based subscription service, which includes the subscription to the traditional AutoCAD software. AutoCAD LT is distributed by its manufacturer, Autodesk. Windows versions AutoCAD is available for the following operating systems: Windows 10, Windows 7, Windows 8.1, Windows Vista, Windows XP, Windows 2000, Windows NT 4.0, Windows 98, Windows 95, Windows ME, Windows NT 3.5, Windows CE, and Windows 3.1x. Mac versions AutoCAD is available for the following operating systems: Mac OS X 10.6, Mac OS X 10.5, Mac OS X 10.4, Mac OS X 10.3, Mac OS X 10.2, Mac OS X 10.1, and Mac OS 9.x. Mobile versions AutoCAD LT is available as a mobile app for iOS and Android. Cloud-based versions AutoCAD 360 is an optional cloud-based subscription service that provides access to AutoCAD software on a subscription basis. It allows for the licensing of AutoCAD (with or without the standard cloud-based subscription) as well as the use of a subscription as a license that is valid across multiple computers.
