Other The following are also present in the final version of Grand Theft Auto IV, however they may not function if the specified version is not present. The following is a list of features exclusive to the collector's edition of the game. Unlike the PC version, this version does not have achievements. (A player using Linux or Windows XP should not purchase a collector's edition for this game.) Reception Like the first three Grand Theft Auto games, Grand Theft Auto IV received "generally favorable" reviews, according to review aggregator website Metacritic. IGN commented that, similar to the first three games in the Grand Theft Auto series, "the game does have its own personality – even if it retains some of the recognizable series traits". GameSpot deemed the game a "pre-tentacle, pre-human-extinction modern urban action game" and characterized it as a "cinematic" experience.
