Propellerhead Reason 5.0.1 is the latest version of Reason and the standalone version of Rack Extensions which provides the analogue modeling and classic sequencing effects only of the Reason 5 software. Its goal was to provide single use pro audio talent with a solution that is so exciting that they quickly become users and pros needing Rack Extensions to use Reason with their iPads, iPhones etc. For more information see:

Description: Propellerhead Reason is a music production application. Everyone in the 50s were always hungry for fresh mexican food, our tortillas were as fresh as the day they were made, and we had a thing for we Mexican food. We introduced the world to the concepts of a green chile, tequila cocktails and even better. Although the flavor was non-tasty, these bold gourmet flavors were some of the most fun and exciting food we have ever created. Today we hope you enjoy the first of our series of beverage concoctions.
