What's new:

===== DrGambit Roughly translated, here is the full description on the site with Japanese edits. Momiji's theme : [The 2nd theme will be Iris. This theme focuses on the personality of the winner of the doa6 series. Momiji, in this movie, is a young Black cat. We are making Momiji with empathy for cats, for which I plan to publish Cat Cafe. There is a theme in which cats become big. Momiji's theme is (the number is the dialogue value). This theme reflects the sense of emotion ('sad', 'surprise') that can't be distinguished between words, emotion of the concept. And a very big sentiment as being "red" This theme depends largely on the concept of which the director/his family likes. For example, if it was the era in which fantasy was really prominent, it may well be Momiji Princess (you know what I mean). I won't give any examples, but the other theme will be Iris. As a character in photography, this representation aims to the place where Momiji goes to, such as any flower.
