This is a new fantasy action RPG by NIS America. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring Crack and become an Elden Lord in the Lands Between. Explore a vast world where you will go through trials and challenges with your friends, and where both you and your opponents will fall victim to a darker fate.

FROM THE DESK OF NIS AMERICA'S HIROMIYASAI AKIO "Hiromiyasai, I am Akio. I have been given the responsibility of adding a new fantasy action game to the Square Enix Game Collection. This is an exciting new RPG that features both a multiplayer online mode and an asynchronous online mode. It's also the first game to be developed under the guidance of the new NIS America Game Studio, which I will be leading. This game is definitely not your typical fantasy RPG. Players will be able to face off against fantastical monsters in a huge, grand battle arena. When things go wrong, the choices of characters will drastically alter their fate. In this respect, it is different from existing fantasy RPGs. To create a completely unique fantasy action RPG that will connect players, we decided to work on the main character, main scenario, and online mode by ourselves. I believe the result is truly the beginning of a new era for RPGs in the form of an action RPG. We have been thinking a lot about how to create a world filled with exciting fantasy elements while keeping the sense of adventure. From the early stages, we decided to incorporate action RPG elements in order to create a world where players and opponents would go through various battles by targeting opponents on the battlefield. A great deal of care went into the design process, and it can be said that the result is quite the masterpiece. When I use the word 'masterpiece,' I will keep that as my goal, and we will be creating a new fantasy action RPG by sacrificing in order to fulfill the promise of creating a masterpiece. It's been a while since you last saw me in the role of a game director, and I felt very refreshed for once because of this game. I am very happy to be the Game Director and the Director of Development. I am very excited to see many new faces this time around, and I hope for everyone's success! Thank you for your continued support, and I hope you
