This game is developed by Double Adventure Games in collaboration with the fantasy novel, ELDREN RING, by Isekai Shokudō and Natsumi Ikeda. **CHARACTERS AND THEIR MOTIVATION:**
Arika - The main character of the story. She was raised in a wealthy family, but in the event of a tragic accident, she is forced to inherit the title of Lord of the Elden Ring, also becoming one of the Four Elden Lords. She is a very innocent and naive person. Kaito - A servant of Arika who is also one of the Four Elden Lords. He played the

role of an escort in Arika's life, and has the same intention of saving her. He cherishes Arika and has a soft spot for her. Fukami - The winged fairy who aided Arika in his life as an escort. He is grateful to Arika because of the debt that he owes her. Fletcher - A beggar who begs for money in the middle of a town, and who assists in travelling together with Arika. Tilda - A cat who acts to serve Arika. It is possible for her to sense about a certain magic.

EDITOR'S NOTE

DESCRIPTION OF THE GAME This game is developed by Double Adventure Games in collaboration with the fantasy novel, **ELDREN RING**, by Isekai Shokudō and Natsumi Ikeda. We are expanding on the world and story of our previously published side story, **Moon**. **Moon** is a fantasy action RPG that the player can freely travel in the world from fields to dungeons. We expect players to enjoy this vast and exciting world. In order to bring the original fantasy novel to life in this game, we are greatly improving the quality of the battle system in addition to greatly improving the number of quests, characters, and other elements. We also believe that players will enjoy the scenes set on the **Moon**. Along with **Moon**, the player will be

able to enjoy the classic Dungeon Up mode and advanced Dungeon Up mode that have never been seen before. We are working to create a wide variety of dungeons with high quality designs. Players will be able to enjoy the thrilling story and characters that have been meticulously designed. We also hope that players will enjoy the unique elements such as the battle system and characters that

It was at a homecoming party arranged for its crew and guests in Sarawak in celebration of its 70th anniversary since entering service in 1949, when 14 crew members returned to Pukupewan, an island home to the Iban people, deep in the Sarawak Corridor. The week-long expedition to retrieve the platforms went off without a hitch, which is unusual in submarine-extended service. The sub has a design flaw that caused the 12th of its operations to rock the boat, forcing it to surface with additional ballast. The payload, which went down 50m on 26 August 2005, was complete with four sensors, recorder boxes, power and memory for the next three months, joined by an advanced signal decoder with an archive that can stay underwater for 10 years. First Lieutenant Richard Haybak, 43, took off on the reconnaissance mission in August 2005 and rendezvoused with the platform with divers in the middle of three-metre deep water, close to the sea bed. The sub had already recovered two of the platforms and Haybak was serving as watch officer at the time. He told the INS news agency of the two rescue operations,
