By BLD | December 23, 2013 Less than a month to Christmas Day, and although it didn't have quite the attention-fuelled hype of the first ever Five Laps to Christmas Day regatta, today's second and final racing of the day was undoubtedly still very interesting and very competitive. The racing was set up in a similar way to yesterday's first race, with the front course, home race, plus a second course out past the home mark for the rear race. Jai Mould (Renown) was on a fine run today, having not only broken away at the start, but also having broken back from a very close battle with Rob Knatchbull (Dega)

03:55 BABYLON THE APOCALYPSE - The Newest and Best DVD Movie [HACKED] BABYLON THE APOCALYPSE - The Newest and Best DVD Movie [HACKED] BABYLON THE APOCALYPSE - The Newest and Best DVD Movie [HACKED] New movie coming out and I for one am excited. Anyway, this is the new one coming out for PG-13 rated movies and it is called BABYLON THE APOCALYPSE. So far the trailers are amazing and the movie looks good. The new movie is going to be by the director of the Matrix. I will probably be going to this and watching it this month. Anyway, check out the trailer, and check back often with more information because we will be posting up info for this movie quickly. 0:46 Sci-Fighters (1996) [DVD 1080p] How To Trick In Hack Utility Sci-Fighters (1996) [DVD 1080p] How To Trick In Hack Utility Sci-Fighters (1996) [DVD 1080p] How To Trick In Hack Utility Once again we've gotten the chance to check out a DVD that's actually better than what's expected from it. Sci-Fighters is a fun, old school beat-em-up which takes place in a future where mutants rule the world and humans are the mutated creatures. It's all very derivative and cheesy but does the job of being a silly brawler that's not going to bore you to death. There are some cool moments in this movie and you might even fall in love with one of the main characters, Tennessee. I think the problems start when there's only one face of the female leads and she's not even a strong or original character. The story is also a bit lacking and it doesn't feel like a sci-fi movie at all. It's all very strange and is basically a spoof of several sci-fi movies. Still, Sci-Fighters has some great moves and I'd recommend it to action fans and fans of cheesy 80's flicks. Devil Wears Prada Official Trailer Plot Evil? Frustrated? Most likely, but dear god, Samantha is human. Sam is sent to the New York offices of Selfridge & Co. where she plans to get her revenge
