How to make perfect phone calls in WhatsApp for free? Know the WhatsApp free calls rules. WhatsApp is popular all over the world, more than 700 millions of users every day. It is the world's most popular mobile instant messaging app to send text, voice and video messages, and make calls to other WhatsApp users. WhatsApp calls are free for most of the time. But there are a few exceptions. If your call is unusually long, you will be charged for the rest of the time. If you call your contacts, you will be charged for the remaining time at the end of the call. If you have a WhatsApp account, you can call your contacts from your smartphone. However, you can also call other WhatsApp users from another app, at no extra charge. You can also make outgoing calls to landlines or mobile networks, or to other apps like Skype. The complete list of the free WhatsApp calls charges, along with their duration and a few tips that might help you avoid being charged for calls, appear below. The lists do not include charges that are automatically applied when your account expires, or for calls that are restricted to specific countries. You can read more about these charges in the WhatsApp help center. The WhatsApp free calls features and charges differ depending on your country or region. WhatsApp call rates in India WhatsApp charges in India If you make a WhatsApp call from your smartphone, you will be charged for the call, even if you make the call for free. Your call may be charged as a 2G or 3G call, depending on the call quality and the validity of your phone's SIM card. Calls made within 30 minutes of the end of a chat are not charged. If you make an international WhatsApp call, you will be charged depending on the rate plan you have with your carrier. When you make a WhatsApp call from an app on your smartphone, your call may
