My personal opinion from playing the game. • A vast world full of excitement  
The world map is very large, and the game is built so well that the map you were looking at disappears, and you are

---

now in a new world. You can easily wander around the map, and you can easily get lost in the large world. • Create your own character As you customize your character, you can freely create your character's appearance. By mixing various weapons, armor, and magic, you can easily customize yourself. Also, you can set your attributes as you want. For example, if you want to play as a strong warrior, you can set your strength to higher. • An epic drama born from a myth The game is structured into fragments, and each fragment is a chapter with an interesting plot. • Unique online play that loosely connects you to others The online play feature has a big difference compared to other online games in the past. You directly play with other players, and you can also play with other players with a wide variety of frames at the same time. It feels like you are in a party with other people, and the aspects are very different from other online games. • Another good thing is that you don't have to worry about the character's name or anything else. The game lets

---

you choose your name at the game's start-up. You just have to create a new character if you don't want to use your original name. • ★★★★★ An interesting story. You have the opportunity to see different events unfold as you play the game. The story changes depending on the decisions you make in the game. You should play the game as many times as possible so you can enjoy the details of the story. Highlight in this game: • It is like a story The story of this game is the combination of a novel and an anime. The work of the main staff, of course, is worth mentioning. • The music is good There are a lot of interesting songs that you can listen to in this game. • Many characters from the new fantasy action RPG. Rise, Tarnished. The voice acting and the cast are very good. The characters are well-developed and seem to be very different from each other. • Character skills are useful. Q: Does resistance to spell damage apply to an arcane spell? Does resistance apply to an arcane spell? For example, a concentration spell such as Cantrips of Fire or Gush of Flame does not apply at all to someone with resistance 3, and the concentration lasts until the end of your next turn, so you'd have to ignore resistance for the entire duration to gain the spell's damage. Is the restriction only "not resistant" or also "not abjured"? I assume resistance to non-magical weapons like the Stone Sentinel's Stone Blade (Nonweapon Attack, Q: Attacks made with non-magical weapons ignore your resistance and vulnerability) applies to arcane spells. A: Yes, any spell that explicitly says it doesn't ignore the relevant resistance will ignore resistance First off, my answer is based on reading the

Rules Compendium and the Complete Arcane rules. I've bolded the relevant text in the tables below: Cantrips of Fire (PH pg. 106) Cold Fire (pg. 107) Gush of Flame (PC pg. 108) Omni-Ingredient Potions (BG pg. 147) Any spell that explicitly says it ignores resistance (as opposed to just being equivalent to an attack that ignores resistance) Cantrips of Fire (PH pg. 106) Cold Fire (pg. 107) Any spell that explicitly says it ignores resistance (as opposed to just being equivalent to an attack that ignores resistance) Gush of Flame (PC pg. 108) Omni-Ingredient Potions (BG pg. 147) Any spell that explicitly says it ignores resistance (as opposed to just being equivalent to an attack that ignores resistance) Stone Sentinel's Stone Blade (Q. Nonweapon Attack, pg. 125) No, Resistance to non-magical weapons like the Stone Sentinel's Stone Blade applies to arcane spells The Stone Sentinel's Stone Blade is not a magic item, so you can't add the resistance to the damage ignoring resistance.
