(R) 32 bit (R) 64 bit (PC) Angry Birds Stella 2.0. VoIP provides phone calls via an internet service, rather than on a telephone network such as landlines (traditional phone lines) or cellular phones. VoIP is better suited for long distance connections than a short distance call because of its low capacity. A person using VoIP typically subscribes to a carrier service, which then provides the service and customer access to VoIP software and devices.
