Any feedback would be much appreciated. A: The most consistent hint about which version of Autodesk to install is that the license file of the correct version is installed in C:\Program Files (x86)\Autodesk\Autodesk Revit\e150\licenses. The file version.rif (regular) is dependent on the version you wish to install, e.g. 18.0, 18.1, 19.0, etc. So, the likely culprits are Windows 10, Windows 8, Windows 7, and Mac. A: I am running Autodesk AutoCAD 2017 for. window and paste them into the 'Request' field in X-Force Keygen, then. The "Request" field is what is confusing you. You don't do that. The field lists what you already have installed (or have not installed), it lists everything you have installed. You choose what to install from there. You can't add to that list. If you absolutely need to add X-Force Keygen then yes, you can add it from the windows store. Open the Settings app. Then Settings > Apps & features. Scroll to the bottom of the Apps & features window. Click the link named "Manage optional apps". Scroll down, find X-Force Keygen, and click "Add" T-Buck The Game Tightrope is your ticket to the world of reality TV.
