/ \$8 Image Comics' entirely solicitous, coincidental gift to late crowdfunding supporter Hajime "Hajimi" Moriura was a limited run of 50,000 matsures worth of deeply collectible pats of incense. Oh, there will be more on the way! Let us hear no more from you, Hajimi. The Legend of Heroes: Hajimi No Kiseki Series The Legend of Heroes: Hajimi No Kiseki, also known as The Legend of Heroes: Trails of Cold Steel and The Legend of Heroes: Trails of Cold Steel II are the first two installments of a new visual novel in the vein of Hatoful Boyfriend. With the addition of some lovely primary character and event CG, it is a beautiful illustration. The game puts you in the shoes of Hisui Hanlin, a young girl born, but adopted into the orphanage of Carolina Academy. Hisui, while her fellow orphans are her friends, is unhappy about being taken in by the academy. She is particularly displeased by the arrival of the school's new Headmaster Illusia Aldewerej, who is viewed as the successor to Wilhelm Braunfels, the Headmaster who trusted and cared for them. Hisoji believes that the students of the academy are all "inferior human trash" because he feels that it is
