Mot de passe logitrace v14 hit free .Death metal/black metal crossover band with sludgy death metal, folk, djent, experimental and prog influences. This band really plays nothing by the book and takes one's mind and ears on a journey into heavy and dark territories where space and time fly by. "Exploring the edge of metal, rhythm and time" The Delusions Of A Dying Mind To Medicate. When Metal is Good, you're Great is a death metal/black metal band from New Zealand signed to Repress Recordings in the USA and Rawhead Recs in Europe. Their EP "Mass Market Suicide" was released in April 2010 and is the the first recording I have heard by this band. I really like how slow and strong the drums and bass are. The opener "Seeking Higher" has a real psych element to it and reminded me of early black metal bands. The riffs are both powerful and intricate, the solo in the mid song is really cool and ominous. The next three songs are heavy as fuck. They really push the boundaries of the heaviness envelope. The breakdown in "I Just Want To Die In the Light" is just phenomenal. The vocals are fantastic and the effect of the drums are really cool sounding. The punkish "Makes Me Realise" has a great effect. "Medicate" has the catchiest riff and it is also one of the best slower songs I have heard. There is a really cool contrast between the slow parts and the fast parts. "Torture Chaotic" is a really crushing song. It is a lot of fun to listen to. It's got a lot of hardcore and punk in there and the drums really complement the guitar riffs. "Altruistic Deficits" is a real progressive metal sounding song. Great song. "Experimental progressive deathcore that experiment in building."The Delusions Of A Dying Mind To Medicate. Death Metal/Black Metal/Metalcore/Deathcore. A band that gives me goosebumps and tears of joy due to their inexpressive, raw, and hon
