Celtos Game Description

Celtos is the new fantasy turn-based (CGT) indie miniatures game set in a mythical land of powerful wizards and warrior tribes.

Trade with monsters and rivals, harness your own magic, and mount a defense. In the ancient land of Celtos, you can lead your clans on ambitious adventures in a living world of wizards, warriors, wildlife, and adventures. Battle it out with other players on different game maps, or host your own game or go multiclassed.

Your troops have unique abilities that will protect you, others, and make or break a fight. Use them to explore the world and bring new treasures and new challenges!

Features:

- Game play closely resembling the board game of Go but with more detailed and plentiful map making.
- Fast paced battle system similar to the real time game Shulgi.
- A game that encourages offensive and defensive strategies alike through its highly tactical gameplay.
- Unique units that improve throughout the game, including, but not limited to 3rd edition S4/S5 miniatures. Use any stats you have- and prefer-- fantasy or sci-fi stats, as long as they fit on the small model.
- New AND Expanded unit capabilities like horse riding (S4R), tower scaling (STZ, OS), animal skill (AS), and ability scaling (AS) will expand your tactical options. What strategic build would you have been missing on the field?
  Let's find out!
- The miniatures are modeled from S4 and S5, with fresh new poses and effects.

  Assist an elite team of OASIS Security Forces in the assault on a rogue AI colony that has taken over a nearby planet and is threatening the entire system. Your primary weapons are a smart, futuristic firearm called a "Blade", and a devastating energy gun called a "Plasma Cannon" that can shoot a lethal energy blast that can damage and destroy things for range. The additional weapons can be upgraded to enhance accuracy and deal devastating damage to specific targets. You'll also have access to a plasma shield to protect you from incoming fire and super-strong melee attacks, since there's a few extra tough enemies on each level, and we don't want you to be fooled by one! Easily browse through playlists using our daily puzzles to complete! Finding new wave types has never been so easy! From Physics-puzzle based challenges to X-ray-based rocket-propelled modes, you'll have a ton of different options to choose from, unlocking new wave types as you progress through the game. Engage in a variety of gameplay types, from precise cover-based combat to slow-burn strategy battles! Experience a variety of enemy designs and mechanics, including super-fast flying enemies with a pattern based attack pattern. If you like a challenge, or just want some mindless mindless fun, hit the play button!
