Report this post Explain why you are reporting this post:(750 characters max.) Another oxymoron is a copy of that game is a horrible game, why not just wait a couple of months and buy the HD version of that game, then you just wait a couple of more months and get the multiplayer support, at that point you will be happy and you will be a better player. Here you are insulting many other people, who bought the game to see how it work, you telling them they make a horrible decision? Sounds like you want to be another one of the person thinking the day of money, power and respect, I can't allow you to keep crying about the game you lost, By the way, since you want to have an opinion of the game, if you knew how it work, you should have a fun playing it, but then again some people are not going to be happy for any amount of money, more than what they expect. Report this post I've been reading some forums and I didn't even know this was an MMORPG. It looks amazing to me and I wouldn't hesitate to give it a try when it comes out. This game looks perfect for anyone who loves jumping into a role playing game complete with world expansions. Report this post Explain why you are reporting this post:(750 characters max.) "Another oxymoron is a copy of that game is a horrible game, why not just wait a couple of months and buy the HD version of that game, then you just wait a couple of more months and get the multiplayer support, at that point you will be happy and you will be a better player." The problem is the HD version isn't playable (at least that's how it's implied in my thread that I posted). So the only way to play this game would be to buy the original game HD and then play online with people who bought the original game over here to play with. I guess I'd be satisfied with that (a little), but I'm not. "Sounds like you want to be another one of the person thinking the day of money, power and respect, I
