[REPOST] This thread on the front page of Reddit got me thinking about a couple of ways that a website

could use it. First, there’s a story about a guy using the front page to share his story. He did pretty well with it and got some attention. I think it’s cool that an article on the front page gets so many views and is even read by the actual site admins! The second example is much simpler. I think that it has the potential to get more views as a visitor thinks about how they would use it. The first was a user sharing his personal story about using Reddit. I 6d1f23a050
