This solution for the 8th grade Mathematics was developed by experienced teachers and is useful for students who have very little

knowledge about the concepts of mathematics. It describes in detail. This 8th grade math solution was developed by experienced teachers and is useful for students who have very little knowledge of math concepts. It details how to solve problems using a coordinate system. This document is intended for those who want to learn how to solve problems using a coordinate system, but cannot find a suitable school book. For this reason, I used math books that were available at the time I studied algebra.
