

[Download](#)

ArcSoft MediaImpression is an ideal tool for you to manage your multimedia files easily. With its intuitive interface and "everything in one place" design, you can perform all media handling tasks in just a few clicks, including: creating slideshows, movies, photo albums, music playlists, and web galleries. You can even edit your pictures or videos in the program directly, without extracting them first. ArcSoft MediaImpression lets you instantly share your media projects online via the built-in FTP server and FTP, TFTP, HTTP, HTTPS, POP, IMAP and SMTP protocols, as well as via wireless networks. You can also manage your files through CD-ROM, digital video disc (DVD), and removable media, including hard drives, USB storage drives, smartphones, and iPods. Finally, ArcSoft MediaImpression lets you print your projects on both a home laser printer and professional printers, including inkjet or colour laser printers. You can also find all the tools you need in ArcSoft MediaImpression, including a slideshow creator, videos editor, music player and more. ArcSoft MediaImpression is packed with more than 100 video and photo effects, or you can instantly add your own video and photo effects for an even greater media experience. ArcSoft MediaImpression also lets you to create your own shapes using the 4D Slider tool. The more exciting features you will find in ArcSoft MediaImpression, the more you will get to enjoy your multimedia files.
