V-Ray Next Build 4.20.01 for SketchUp 2016-2020 Win Best Service Cult Sampler v1.0 Hybrid.rar.rar Anthromachy download for PC Vectric vcarve Pro. rar.rar.rar Many thanks to the author of this distribution!But! When opening a project through V-Ray Next in SketchUp 2016 (namely, I have it installed), on the "Options" tab there is an item "External Precision". And it is set to "None", and the default is "True". For show it is put. As I understand it, this is an option that is responsible for the accuracy of the model. And when I remove it, all the settings in the program for V-Ray Next are displayed as "None".
