The film that I watched until I finished watching it, I havenâ€™t seen the continuation on the Internet yet, but I already saw the trailer, where one of the main characters sings a song, which later turns out to be a song for this film in the film. So, as much as I love it, at least for me the film will end with a song. I was waiting for the movie, but now it's finished and I'm just in shock. This was great. I have never seen such a movie in my life. I didn't know such films existed. I had no idea what it could be.
