
Diagbox 5.02 Keygen Torrent UPD

PSA Diagbox 9 is the most powerful dealer technical and software module for Peugeot and Citroen cars, which allows you to make a complete diagnosis, as well as make the desired settings for the cars equipment. The problem of dealer equipment is that it is cumbersome, namely, we take up a quarter of a cubic meter, and secondly, no dealer in his right mind will open closed functions to you without knowing for sure that this will not lead to a breakdown of the car, that is, it will not risk your car, but and will not allow you to enjoy such interesting features as lowering the EURO norms, or turning on the dynamic driving mode (FDV). At the same time, there is no need to go broke for expensive dealer equipment, the Chinese analog costs around 3,000 rubles. Lexia + PP2000, which is priced like a small dealer service
