i love the hwp ratings. its a free to join site, so you can join for free. when you join they give you a free 30 day trial. it runs like a subscription and the members have access to a ton of content in the form of movies, pictures, videos and an online cam room! i'm a bit of a male model whore, and i love it. i love meeting new models and just a little bit of fucking. in the male modeling world you've got to be willing to get out of your comfort zone and really be willing to play around with some new ideas. i think this site goes a little outside of the box and i love that. and like most sites, you can get on here for free. and you can upgrade to premium for a few bucks if you like. you can do as much as you like when you go premium. your site will get your picture up front when you join for free and when you upgrade you get your site up on the home page, and you can have your picture in the top corner. you can also place your site's banner on your profile page, and you can upload as many pictures as you like to your profile. if you are a premium member you can get your picture on your profiles, in your inbox, and you can have a link to your profile page on your name. like most sites, you can get on here for free. and you can upgrade to premium for a few bucks if you like. you can do as much as you like when you go premium. your site will get your picture up front when you join for free and when you upgrade you get your site up on the home page, and you can have your picture in the top corner. you can also place your site's banner on your profile page, and you can upload as many pictures as you like to your profile. if you are a premium member you can get your picture on your profiles, in your inbox, and you can have a link to your profile page on your name. 5ec8ef588b
