This is an enhanced version of the original Mount & Blade. So, if you want to download it, then you should go to GOG.com I am also having this problem. I bought it off steam and wasn't given any activation or authentication code. When i do click activate there are characters already in the place where i would enter them, so i'm guessing it could be the right activation code. But it says unable to connect to activation server. I've also downloaded the update and that did nothing.
