Pramukh Gujarati Font Converter

This program converts Suleh text to Unicode and vice versa. Suleh is a Marathi language that was developed in the 19th century. This application uses the principle of generating a code for all the words and phrases we often use in our daily lives. Also, we can look up the meaning of each word and phrase as a dictionary. In addition, we can convert text in Suleh to text in Unicode and vice versa. This application works both online and offline. All languages are also available. The main functions of the application are online and offline. dd2bc28256
