
Root TWRP Recovery For Samsung Galaxy S6 S6 Edge (SM-G920 SM-G925)

Now that Samsung has updated the Galaxy S6 SM-G920F and S6 Edge SM-G925F to the official Android 7.0 Nougat firmware based on TouchWiz UX, a good thing for... Now that Samsung has updated the Galaxy S6 SM-G920F and S6 Edge SM-G925F to the official Android 7.0 Nougat firmware based on TouchWiz UX, the good thing for users will be that they will no longer experience the problems they experienced with Android 6.0 Marshmallow. So, here's how you can get rid of them if you have them. The following are two methods that may be helpful to many users who want to revert their version of Android back to Android 6.0.
