# Spanking Tiffany Jones Little Red Apples \_TOP\_

Tiffany is happy to look at her friend and has a good laugh about their encounter. After she has changed, Tiffany goes for a shower, but as she washes away her dirt, her friend is watching and teasing her all the way. Tiffany has cum on her fingers and they are an appetising sight, so the friend slowly gets on her hands and knees, sucks Tiffany's fingers and then goes on to finger Tiffany, the girl's fingerings hot as she moans and whispers nice things to her friend. Tiffany can't resist and she plays with her friend and her friend likes it. Now Tiffany gets on top and as she sits on her friend, her pussy is very wet, her friend teases her. Soon Tiffany's friend is caning Tiffany, and then sucks her swollen and sensitive tits. She then leaves and Tiffany is left to herself, but still horny and horny. She kisses her fingers and then sucks them, then her friend has already returned so Tiffany's friend washes the cum off her friend's fingers and makes her suck them again. Tiffany is so turned on that she goes to the bed and has a nice orgasm, then she continues, which is one of the many things this clip has to offer. It is nice that Tiffany has a friend who loves to watch. This clip is about an unexpected encounter, or for those of you not in the biz, a massage parlour. After all, what else could you expect. Tiffany Jones and Giana Darling are two different girls but both have a similar dream. She is the perfect daughter and we all know that Bianca is an only child. Even Bianca and her mother don't have much understanding, Bianca has always been the whipping boy of the family and instead of the parents trying to understand and be more understanding, they just blame Bianca for the way her father is and this results in Bianca being caught in the middle of a horrible fight that destroys everything she has ever worked for. Bianca's life is threatened with breaking into her room one night, but what will happen when she breaks down on her own? The best daddy spanking story i've ever read. \*ARC provided in exchange for an honest review\*
