How To Change Language In Payday The Heist Repackl

hkh191 i'm using this spawned in with menyoo didn't change any settings when doing so and the ped won't stay in a vehicle keeps getting in and out. i'm new to gta modding should i have done something to settings when spawning her in thanks for any help! hkh191 how come no one is talking about how broken this mod is is there a way to get the sourcecode for this mod.. im tired of the targeting menu (it's broken) and having the the set companion to player one posisition or whatever it's called is broken. cool mod but it needs to be fixed. and that part of it has allays been broken, someone help this dude fix his mod or is there something else in the dll that's the primary reason for distributing this mod why would you leave something as cool as this, broken for so long get rid of all the bullshit and the targeting menu. it's like there's an event that triggers the stop hanging out part of the code but then a right button hangout doesn't option doesn't appear, and why do i have to change a value in the data file to get companions to spawn how come that isn't already set in the data file when i download it it's not even mentioned in the instruction. oh by the way user for this mod to even operate you have to change a value to get it work. from the makers of payday.overkills the walking dead is made by overkill software, the developers of payday: the heist and payday 2. overkill is a blend of industry veterans, freshly graduated specialists and great partners. our passion is to create kick-ass cooperative action games together with our community, we set our own deadlines, production rules and design our own pipeline a truly inspired gameplay machine. we live and die by our gameplay.
