HITMAN - Bonus Campaign Patient Zero __EXCLUSIVE__ Download Cracked Pc

The Patient Zero campaign starts in a quaint seaside fishing village named Sapienza. The isolated town is led by corrupt local authorities who have made it their own personal police state with the help of an international drug trafficking network. You enter as the shadowy figure of unknown origins, able to move unseen and undetected through the night. The real mystery awaits in Sapienza’s Labyrinth and the secrets that lie within. Sapienza’s harbourfront is the perfect place to introduce the world to your Sniper Rifle. You will take on contracts in Sapienza for a maximum of 4 days. You need to accomplish a set of objective for each stage while focusing on each target. In the DLC you will earn The Sapienza Weapons (Shoot to Kill) and use them in all the stages of the Patient Zero Campaign. If you purchase this collection, you will be supporting IOI, their products and their teams. We want to be clear that you can still support the IOI teams through non-IOI campaigns, events and other in-game activites. For example, winning a hitman contract in H3 only awards you information on that contract, but doesnt give you the ability to kill anyone.
