misra, it could well have
been a one-night stand
which was a moment to
remember, only to be erased
over a period of time.
however, when there is a lot

talking and making merry
accompanied by drinking,
partying and making love, a
connect is bound to be

formed. a connect, which is subconscious, only to be realized when destiny has its own games to play! they are happy and content as individuals. but together they are happier, more at peace. they believe that they have already found love in respective lives. together, they realize that this intense love they have for each other is something very different. gaurav and pooja may not be hunting for love as they truly feel that they have it all. but
