PowerExif (stands for Power Extract Information File) is a powerful software that is very very easy to use. All the information about image files and edit the image can be get by it with just few clicks. If you have already experience using the image processing software like Photoshop, it is easier to understand by using this software, so you will never regret after trying it. PowerExif can export not only JPEG file, but also JPG, TIFF (raster) or BMP format (bitmap). To export JPEG, you need to select the JPEG format as output (more than one format can be selected). There are two ways to export file. PowerExif is not the only tool which can do this. Most digital cameras can easily read the Exif data from your picture. However, this software is very simple and easy to use. You don't need to install any other software to open a photo file, and don't have to care about the file format. You can use PowerExif to edit EXIF tags, change camera settings, and select image features directly, without having to open the original image file. Here are some of the advantages of using PowerExif. PowerExif can edit almost every Exif field, and you can select any field you like for editing. Some items are very easy to edit. For example, you can easily edit the compression, sample description, ISO (camera's sensor type), exposure mode, data type, text, URL, comments, GPS tags, camera model, image size, and GPS information fields in a very short time. Opaque storage supports more than 50 image formats including JPG, JPEG,

TIFF, RAW, IPF, DPX, FITS, PSD, DNG, IFR, S3TC, X3F, MNG, JP2, PNG, HEIF, BMP, TIF and Metadata. Photo and GPS metadata can be kept and managed by PowerExif. And, you can create your own meta tags in OPanda, there are many more. To get the largest amount of photo editing features, the program includes PowerExif Editor, the FREE, advanced image editor. It allows you to modify any photo or image to your needs. PowerExif Editor is the next generation of the program and is loaded with image editing tools you can't get anywhere else.
