In keeping with the series' continuing evolution, the Rainbow Six Vegas 2 story opens with the team's helicopter landing on the outskirts of San Joshua del Mosquiera, a small Mexican border town. As the players get out of the chopper, they are met with gunfire, forcing them to take cover. The team's mission involves the arrest of Irena Morales, who is considered a terrorist due to her attack on the Embassy of France in Bogota, Colombia in 2007. The team infiltrates a hotel in the town's casino, which they soon learn has a strong connection to the local underworld. However, the developers did promise that they'd release more details in the future. For now, they said that they're very excited to see how players receive the game. The Rainbow Six: Vegas series hit Xbox 360 back in 2007, and it was a huge hit. The franchise went on to release on Xbox One, PlayStation 4, PC, and Wii U.
