Burnout: Takedown is the next step in the Burnout series. If you're a fan, don't hesitate to pick this one up. And if you're not, well... this game will bring you back to the Burnout goodness that was announced years ago. That's what video game sequels are all about. If you're into the Burnout series, buy this game. The presentation is stunning, the gameplay is solid, and most importantly, it's still just Burnout gameplay. And that's what a sequel should be made of. If you're not familiar with the Burnout series, this is a good place to start, with solid handling and excellent design. The game is fun to play and although it doesn't offer any tricks or surprises, it's a worthwhile purchase if you're an avid Burnout fan.
